Pasta Dough Sheeter SF 220

Ultra-Compact Design

Adjustable Sheet Thickness

The SF 220 table top pasta dough sheeter is produced in Bologna, Italy, the home of fresh pasta. This dough sheeter features an ultra-compact design measuring just 8" deep. The SF 220 produces up to a 220mm (8.6") wide sheet of pasta. Sheet thickness is adjustable up to 5mm and can be easily adjusted. Stainless steel dough rollers create a silky-smooth texture. Full stainless steel construction and a chain-driven drivetrain ensure a durable dough sheeter. A 110 volt motor provides more placement options in your kitchen.

FEATURES

- › Produces a 220mm (8.6") Sheet of Pasta
- › Thickness Adjustment Lever
- › Ultra-Compact Design
- › Heavy-Duty Stainless Steel Rollers
- › Chain-Driven Drivetrain for Durability

OPTIONAL ATTACHMENTS

1. **Wooden Rollers:** For an artisanally textured pasta similar to traditionally rolling the dough with a mattarello rolling pin.
2. **Pasta Drying Trays:** Solid or Perforated Plastic Pasta Drying Trays for easy pasta storage.
